THE CROSSINGS POLICEMEN.

Attorney Duvall Delivers an Opinion Regarding Their Status.

The District Commissioners have recently had under consideration the status of the street railroad crossing policemen, and | p m., 30.24. have given no little time and consideration to the subject. A strong effort has been made to place these officers on the same footing with the members of the regular metropolitan force, but on account of the fact that their salaries are paid by the street railroad companies it is not be- at influent gate house, 36; effluent gate lieved the Commissioners can do anything to relieve the present situation. Mr. Leo Simmons recently wrote to the Commissioners on behalf of the crossing officers, requesting that they be granted annual leave of absence, sick leave and the right to participate in the sick benefit fund. opinion from the attorney for the District on the subject was received today, and he holds that the Commissioners are without authority in the premises and that congressional legislation will be necessary to ac-complish any of the objects mentioned. The views of the attorney are simply in support of those expressed in previous reports on the matter by Major Richard Sylvester, the superintendent of police, and Mr. J. T. Petty, the District auditor.

Without Cost. Rossa F. Downing has written to the District Commissioners stating that the estate of Michael Faherty will remove without cost the house belonging to it on the line of the Sherman avenue extension. The houses along Sherman avenue have all been bought under the condemnation proceedings, but the Commissioners are without funds to cause their removal. In most instances they are frame structures of little or no particular value. The Commissioners have informed Mr. Downing, however, that the houses will be advertised for sale in the grain little and the commissioners. for sale in the spring and each house sold to the highest bidder.

FIXED THE MINISTER. AND HE NEEDED LOOKING AFTER.

"In a minister's family in Los Angeles where was visiting sometime ago, the wife complained of serious indigestion and dyspepsia. She admitted that she used coffee and said she more than haif believed that was the trouble. I told her that I knew it was the trouble, for I had gone through with the experience myself and bad only been cured when I left off coffee and took up Postum

"She said she had tried the Postum, both for herself and her husband, but they did not like it. With her permission, I made Postum next morning myself, and boiled it full fifteen minutes after the real boiling of the pot began. Then when it was served, it was a rich, deep brown color and had the true flavor and food value that every Postum maker knows. It is all folly to talk about trying to make Postum with one or two minutes' steeping. "You can't get something good for nothing. It must be boiled, boiled, boiled, and to keep it from boiling over, use small lump of butter, perhaps twice the size of a pea. That morning the minister and his wife liked Postum so well that their whole lives were changed on the question of diet and they abandoned coffee at once and for all

"Now after a hard day's work, they are comforted, refreshed and rested by a cup of well-made Postum for supper. They are both enthusiastic in its praise. The wife has entirely recovered from her dyspepsia. I will not go into the details of my own case, except to say that I was a desperate sufferer with dyspepsia and discovered by leaving off coffee that coffee was the cause of it. I quickly got well when I took up Postum Food Coffee. I earnestly hope many more coffee drinkers may get their eyes open." Name and address given by Postum Cereal Co. Ltd. Battle Creek Mich.
